

THE VOICE VOTE.

A few factual points worth knowing.
Aboriginals are already well recognised.
Eg. Welcome to country; Smoking Ceremonies.
Naidoc week; indigenous rounds in sports;
And a National Indigenous Agency.
Over 30 major Land Councils; etc.

Some of the Voice and Uluru Statement Authors.
Thomas Mayo; 'Gave thanks to Communist Elders'.
Marcia Langton; Past leader of 'The National Communist League'
Teela Reid; spoke of a return to 'Radical Communist Roots'.
They all speak of; 'A redistribution of power'; Reparations;
Pay the rent; and Punishments of the non-compliant;

Remember, People identifying as Aboriginal are 3.8% of population.
Their 24 representatives can then rule over the remaining 96.2%.

This referendum is nothing about recognition, but everything about
A minority governing over the majority.
In the 1950's Nikita Khrushchev addressed world leaders in Moscow and said:
"One day your children will wake up and they will realise they are living
Under Communism and wonder how it happened"
A Yes vote for the Voice brings us to the cusp of Khrushchev's prediction.
